ARBITRATOR BACKGROUND INFORMATION

Currently, I am employed with Kelly & Associates, LLC as an Investment Advisor Representative.

Before retirement in 2001, I was OSJ and Branch Manager of the Merrill Lynch Scarsdale, New York office. Previously, I was Manager of the New York City District Professional Resource Center which is comprised of over 40 specialists serving 700+ brokers and clients in the areas of Trusts, Managed Money, Insurance, Annuities, Estate Planning, Financial Planning, Business Loans, 401-K's, Mutual Funds and mortgages. In that capacity, I was also the Merrill Lynch District Annuity Specialist working with over 10 contracted insurance companies. I was also the Merrill Lynch Branch Manager in Spartanburg, S.C. as well as a Financial Consultant in Hendersonville, NC. where I managed over \$200,000,000 in assets of primarily retirees.

I have 22 years with Merrill Lynch and in the industry, of which over 6 years was in management, I have a working knowledge of SEC, NASD, and NYSE rules and regulations and especially supervision. As a Manager, I have reviewed over 1,000 daily trade blotters and been involved in dozens of employment situations involving hiring and firing. I am presently an arbitrator with FINRA formerly NASD, and formerly a arbitrator and mediator with the NYSE. I am also a Litigation Consultant and an expert witness having represented both sides. I actively solicit cases from both Claimant and Respondent Counsels. All my licenses expired. I have published articles and they are available on my website: www.johnduval.com

Despite my career in the financial services industry, I remain, as an arbitrator, neutral. I am unbiased and not worried about being selected for the next case. I try to exercise wisdom and judgement in the pursuit of equity.

"On July 23, 2008, the arbitrator responded to a FINRA survey about auction rate securities. In the response, the arbitrator disclosed that since January 1, 2005, the arbitrator has not been employed by or associated with a brokerage firm that sold auction rate securities."

John J. Duval, Sr. / Arbitration Expert - Mediator

Litigation Consultant / Expert Testimony

John J. Duval, Sr.

John's 38-year career in the financial services industry includes positions with Merrill Lynch management at the branch and district levels, subsequent securities consulting, asset management, and securities arbitration and litigation. At the District level, in New York City, John managed over 40 'Specialists' who served 700+ brokers and their clients in specific areas as trusts, financial planning, insurance, annuities, mutual funds, managed money, mortgages, business loans, high net worth management, structured products, and risk management. In these areas, John was responsible for compliance, suitability, and supervision along with the respective branch managers in the District. In addition, he was the Merrill Lynch District Annuity Specialist and a Vice President of Merrill Lynch Life Agency, one of the largest insurance agencies in the US. As a FINRA and NFA arbitrator and litigation consultant/expert witness (the latter for both sides), he has reviewed and testified on over 50 member firms' Written Supervisory Procedures.

John's retail experience as a broker was primarily in a retirement community where his 'book' was over \$250 million consisting of around 1,000 clients. He has never had a complaint and his U-4 and U-5 are pristine. He believes he has had no complaints because he understood suitability and asset allocation and practiced it, in addition to "knowing his clients".

Since his second retirement from Merrill Lynch in 2001, John has been retained in over 300 cases and testified over 60 times. John has testified for both Claimants and Respondents. In addition, he regularly attends his client's mediations as an expert where he offers expertise in case analysis and settlement negotiations. Being an active arbitrator gives him substantial insight into case possibilities. John is also a mediator and has been retained by both claimants and respondents to mediation their disputes.

John was a principal and an IAR in Duval Asset Management LLC, a Registered Investment Advisor. During 2008-2010, John was an Investigative Consultant for the Enforcement Division of the United States Securities and Exchange Commission. He subsequently testified upon the Commission's behalf in a case against a broker/dealer of which the vast majority of their business was with elderly investors who were solicited for variable annuities. Other regulatory work includes research and expert report for the Attorney General's Office, State of Maryland. In April 2009, John re-licensed as an Investment Advisor Representative through Kelly & Associates, RIA, West Palm Beach, Florida.
